Atikameg Child & Family Services Community Prevention Programming 2026-2027

Community Prevention Programming

A key activity for Atikameg Child & Family Services Society is community prevention programming. Prevention programming has many definitions because prevention programming provides health, wellness, life skill development activities, and wellness learnings for all participants.

Atikameg Child & Family Services would like engage Whitefish Lake First Nations members to support the delivery of prevention programming to all Whitefish Lake First Nation members through a Nation call out.

Nation Call Out Criteria

Ensuring all Whitefish Lake First Nation members have an opportunity to support and participate in every funded project, the following criteria was developed, every Atikameg Child & Family Services Community Prevention Program Project must:

- be led and submitted by a Whitefish Lake First Nation Member;
- be designed to target participation from Whitefish Lake First Nation Members;
- describe how their project and/or project activities supports the health, wellness, and life skill development of Whitefish Lake First Nation members;
- identify how the project will advertise itself to offer participation of all Whitefish Lake First Nation members regardless of geographical location;
- identify how they will select their project participants;
- Identify how children, youth, and family safety measures will be implemented; and
- provide a detailed and realistic budget to ensure successful project delivery;

Nation Call Out Proposal Categories

To ensure program parameters are maintained the following categories have been developed by the program:

- **Children Focused Projects:** Children's Focused projects will support health, wellness, and life skill development activities for children under the age of 12 years old.
